

Welcome to the

Karndean Designflooring Showroom

Our expert showroom consultants are here to help you find your perfect Karndean flooring that you will love for a lifetime.

I am looking at
Karndean Designflooring

Wood look options

Stone look options

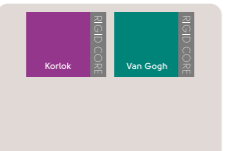

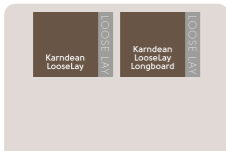

New house build
brand new subfloor

Renovation
existing floor covering

We have plenty of ranges to choose from to suit your particular needs.

Gluedown

Individual planks and tiles that are stuck down using permanent adhesive.

Gluedown works best when looking to...

- Personalise your space with design elements
- Select from a wide range of designs, colours and sizes
- Pick from a range of price points to suit different budgets
- No expansion gap required

Loose lay

Individual planks and tiles that have a friction grip and acoustic backing. Its K-Wave friction grip backing can be stuck down using tacky adhesive.

Loose lay works best when looking to...

- Individually replace planks or tiles
- Quick and easy to install
- Reduce noise levels
- No expansion gap required

Rigid core

Floating floor with a click-locking mechanism that clicks together individual planks. It has an inbuilt acoustic backing that requires no adhesive.

Rigid core works best when looking to...

- Enables preservation your existing floor
- Quick and easy to install
- Reduce noise levels
- Hides subfloor imperfections
