My Food Bag

“Everyone is very pleased with the overall look and the staff now have an amazing summer inspired café.”

Leading home delivery food service, My Food Bag has unveiled their new nerve centre in Parnell, Auckland, designed by Yellow 6 Design and Platform Consulting Ltd. The freshly designed headquarters of My Food Bag in Parnell, Auckland features a consolidated office and kitchen space with a concept inspired by My Food Bag's seasonal menus.

From working kitchens and showroom spaces to office breakouts, the stylish interior facilitates the unique and functional requirements of the My Food Bag staff whilst providing an inspired work space that reflects part of a season for each area – from spring to winter.

When it came to the 'summer' area which includes the work hub for the customer support teams and the photography kitchen showroom, Karndean luxury vinyl flooring was selected for its renowned durability, water proof properties and realistic timber look finishes.

Corporate Office

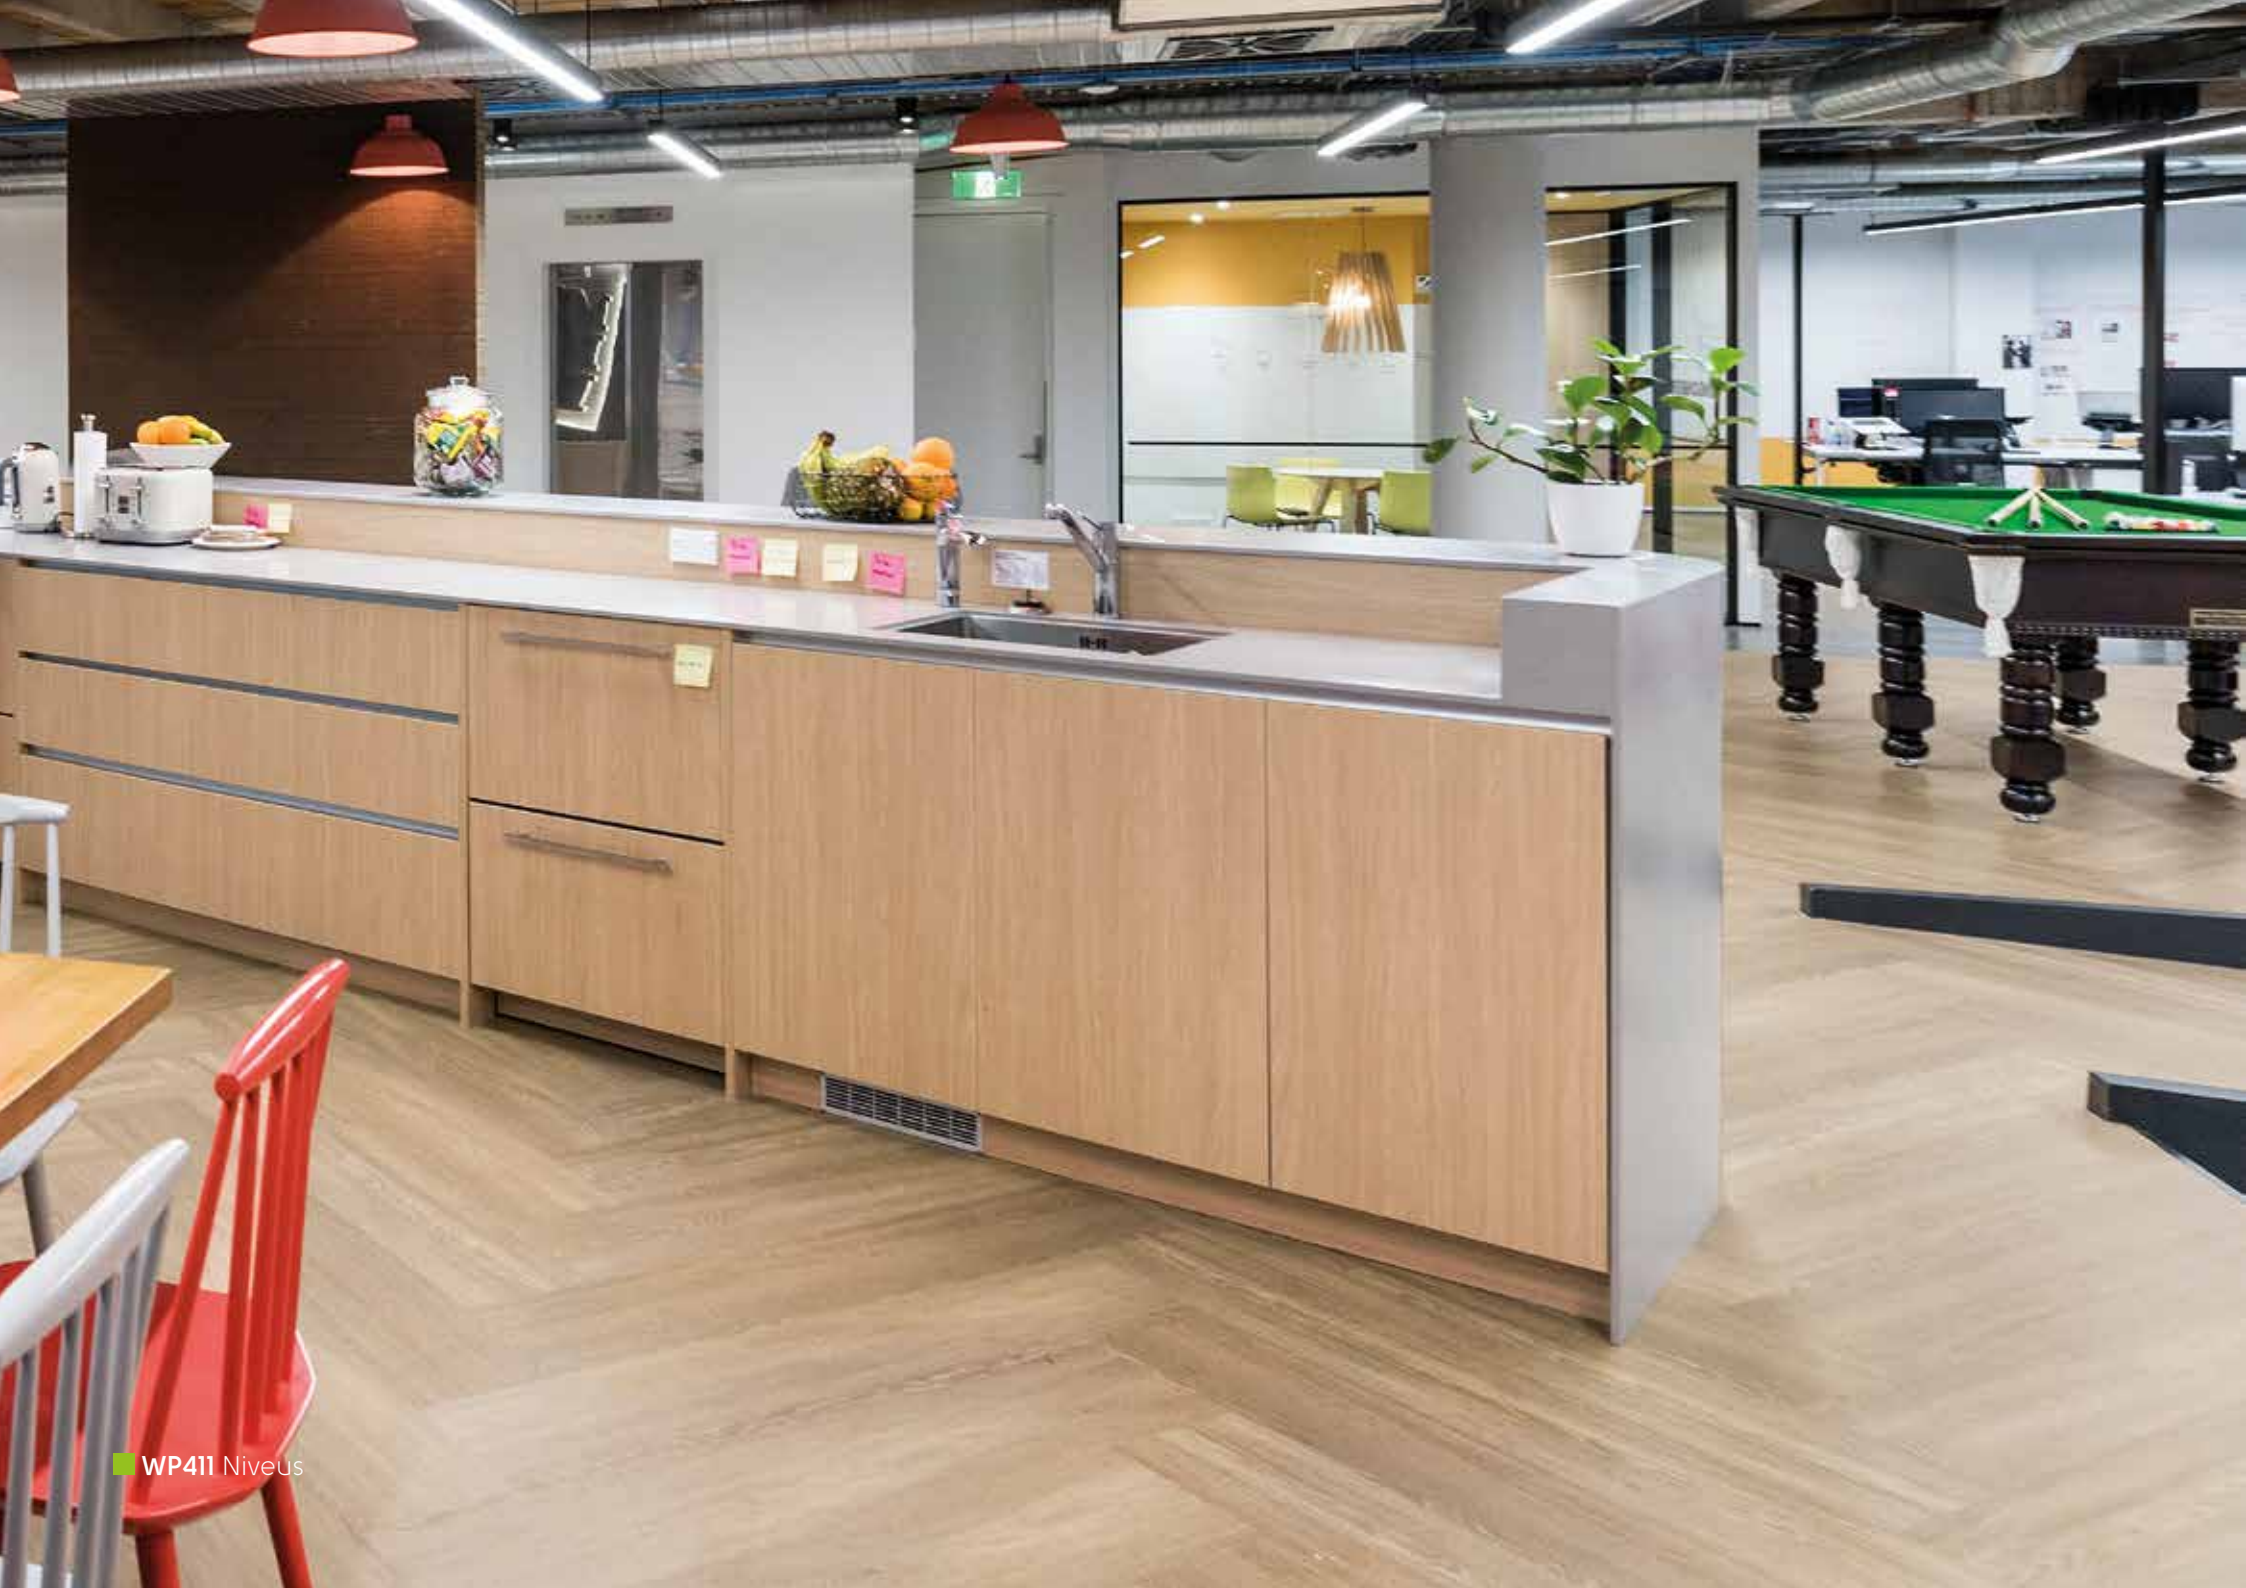

Product:
Opus Niveus
(WP411)

Area:
1,000 sqm

“From previous experience, I know that Karndean’s timber look vinyls are great in high traffic areas, especially in an office with high foot traffic,” commented Yellow 6 Design interior designer, Saila Wang.

“It not only looks great it’s easy to clean up any food spillages and, it’s also more cost effective than real timber - so it’s great for commercial projects.”

The two levels blend exposed ceilings, concrete floors and floor-to-ceiling windows, and the use of Karndean timber luxury vinyl tile helps to keep it warm and homely for this modern office environment.

“We needed to keep the pallet light and fresh in the ‘summer’ area,” adds Saila.

“We chose Niveus from the Opus collection as it has a great colour tone and looks amazing in herringbone.”

“Everyone is very pleased with the overall look and the staff now have an amazing summer inspired café.”
