From our home...

It all began in 1973 when a former flooring installer created a small business from his family home.

With the belief that luxury vinyl flooring shouldn't just be practical, it needed to be beautiful as well, Karndean was formed. The team set out to travel the world, seeking inspiration from natural materials for what now are the most realistic luxury vinyl flooring products on the market.

The Karndean team worked out of that house for several years with the family's trusty dog Smokey, the Great Dane who is still present on Karndean's logo today. For the family and Karndean's early employees – many who are still working with us today – these years bring back many fond memories.

Now stretching across the globe, far beyond the walls of the original house, we continue to move forward with the same passion to deliver beautiful, innovative designs for your home.

50+ years
of experience

...to your home

Many elements must fit together, from furniture to flooring, to fixtures and everything in between. Where to begin?

We begin a new design with inspiration, and we are most inspired by nature. What's your design motivation? Is it aesthetic, such as a cushion or the perfect paint chip? Or is it lifestyle, a place where you can dance in your pyjamas and your babies (both two and four-legged) can roll around and play?

No matter what drives you, Karndean Designflooring was created with your needs in mind. We see flooring differently and by combining original features with cutting edge design, you can create a simply beautiful floor that you will love for a lifetime.

Our simple method will help you navigate the selection process and design your perfect floor, taking you beyond picking a colour and measuring the room. Let's get started!

Our interior trends

At Karndean Designflooring we set out to understand what that means in design trends. While we identified four clear and different directions in interior styling, they share a common heart: the home as a sanctuary.

At Karndean, we see flooring differently.

We travel the world in our quest to bring you exceptional floors that inspire and delight. From the ancient forests of Europe, to the remote Australian outback and beyond, we seek out expressive and intriguing forms in the natural world to influence our unique floor designs. By combining these original features with cutting edge design, we create simply beautiful floors that you'll love for a lifetime.

Designed for you

Every one of our floors is unique to us having been lovingly created by our in-house team. Our product designers select natural woods and stones to work with, taking the time to carefully replicate the knots, grains and textures found in these products into our designs. Working with these products they apply different techniques of staining, brushing and oiling to name a few to create the perfect look and feel bringing you a simply beautiful floor.

For the family and Karndean's early employees, many of who are still working with us today, these years bring back many fond memories. Now stretching across the globe, beyond the walls of the original house, the Karndean family and employees continue to move forward with the same passion to deliver beautiful, innovative designs for your home.

Did you know?

Back in 1973, Smokey the Great Dane worked alongside the family and is still present on our logo today.

Designed for
peace of mind

Quiet underfoot
Karndean Designflooring offers formats that reduce noise transfer – perfect for upstairs bedrooms, playrooms or attic/loft conversions

Laying possibilities
It's not just the floor you choose, but the direction you lay it that makes a lasting impression. From diagonal to herringbone, define your space with an intriguing laying pattern.

Lifetime warranty
Not only is a Karndean floor unique to your home, but it's guaranteed to last for years to come.

Loose lay's unique benefits

Loose lay

Karndean LooseLay Longboard and LooseLay Originals ranges offer quick installation and individually replaceable planks and tiles, our loose lay format is perfect for floors that need minimal disruption and maximal design flexibility. Reducing sound transfer to rooms below, making it the perfect option for upstairs rooms or apartments.

Featuring our innovative K-Wave® friction grip backing, holding the product in place using weight and friction and combined with our tried and tested K-Guard+® finish providing a hygienic, durable surface protection that is quick and easy to clean with a pH-neutral cleaner.

- Individually replaceable:** Should you need to replace a piece, simply lift the damaged plank or tile and replace with a new one.
- Quick and easy to install:** Our loose lay ranges can be fitted over most existing hard floors.
- Reduces noise transfer:** Our loose lay ranges are perfect for projects where you want to reduce noise levels in the room below.
- K-Wave® friction grip backing:** Our friction grip backing creates a strong bond to the subfloor.
- Laying possibilities:** It's not just the floor you choose, but the direction you lay it that makes a lasting impression. From diagonal to herringbone, define your space with an intriguing laying pattern.

Laying patterns

Choosing your laying pattern

It's not just the floor you choose, but the direction you lay it that makes a lasting impression. So how do you know which way you should lay your floor? Keep these pattern options in mind as you browse our three product constructions (formats), as select floors cannot be laid in all of these patterns. Please speak to your retailer or installer to discuss your options.

Our source of inspiration

For decades, Karndean Designflooring has led the way in durable, luxury vinyl flooring. Our designers draw inspiration from the natural world, perfecting and curating our ranges so each one is as unique as you and your space. Innovative technology and quality materials ensure you own a beautiful floor true to the natural material that inspired it.

Levanzo LLP150

Limed Oak

Traditionally in Northern Europe, oak floorboards were washed with caustic lime to help preserve the timbers and protect them from bugs. Over time, the distinctive chalky wash of residual lime on the oak came to be more appreciated for its beauty than its protective qualities. Today, the lime-washed look is still central to the Scandi-style but is also seen within a wide range of interior styles across the world.

Our Limed Oak collection captures the authentic looks and texture of classic limed oak boards in a versatile choice of luxury vinyl floor planks. Our designers sourced original limed oak floor boards to inspire and guide the development of this select range.

Waterbury LLP152

Budelli LLP146

White Oak

In its native forests of North America, the White Oak is celebrated as one of the USA's most distinguished trees. The distinctive grains, subtle textures and light colourings of White Oak are valued by designers and homemakers seeking to introduce natural tones and classic lines to their interiors.

Our designers have perfectly captured the subtle beauty of White Oak timbers in our LooseLay Longboard collection – open grain patterns, delicate mineral markings and distinctive growth rings all work together to create simply beautiful floors.

Rustic Oak

Our Rustic Oak collection provides the perfect flooring solution for this relaxed approach to interior styling. Inspired by a range of oak species, our collection of luxury vinyl planks capture more of the imperfections that give these rustic timbers their distinctive and individual charm.

'Rustic' describes the natural characteristics such as variations in colours, grains and staining as well as the finish of the timbers such as rough-sawn edges. These give each plank the personality that has made oak such a popular flooring choice for centuries.

Vintage Timber LLP105

Heritage Oak LLP102

*As a feature of the design, these products incorporate a high variation between individual planks.

Character Oak

Character Oak traditionally refers to the quirky and natural characteristics that make oak so popular. Our designers have captured all the distinctive, naturally occurring colour variations. From the warm classic timber looks to the darker washed brown and charcoal tones, our designers have worked with washing and ageing treatments to bring new character to these timber designs while highlighting their natural beauty.

Australian Species

While Australian wood has always been renowned for their strength and versatility, today they are equally valued for their distinctive character. Some of the harshest conditions in the world, including drought, bushfires, and searing summer heat help create the unique wood grains, colours, and tones that we have captured in this collection.

*As a feature of the design, these products incorporate a high variation between individual planks.

European Oak

From the palaces of Northern Europe to the chateaux of France, European Oak has been a traditional and luxurious flooring choice for centuries. In the Quercus or Oak genus, there are over 500 different species. European Oak is a description that covers several valued oak species that grow in the forests that still cover around 35% of Europe's land area.

Danish Oak

Long before steel became the preferred material for shipbuilding, the Danish naval fleet was dependent on oak, with up to 2000 mature trees required for a single ship. We sourced samples of these classic timbers and their story is now retold in beautifully replicated oak flooring. Danish oak is recognised as a high quality timber that is used in building, furniture and flooring.

Pietra

In Italian, 'Pietra' means stone. The monolithic style of Pietra has long been a favourite of innovative architects and is considered a minimalist's dream. Increasingly popular with a wide range of architectural and interior styles, our Pietra collection captures the subtle patterning, textures and strength of stone in our luxury vinyl floor tiles.

Pietra flooring provides a discreet and inspiring backdrop for your style. It's a versatile complement or contrast to timbers, bricks or the simplicity of a plasterboard wall. Create an industrial aesthetic with ease or a Nordic vibe when teamed with a restrained colour palette of your favourite Scandi-style. If modern rustic is your thing, Pietra can help you create your look with ease.

Honed Limestone

Our Honed Limestone collection captures the timeless beauty of limestone in a versatile range of luxury vinyl floor tiles. It's an elegant solution for bringing the classic style and sophistication of limestone to any interior at a fraction of the cost and effort.

Our designers recognised the global appeal of limestone and its popularity in tile form as an elegant and understated solution for contemporary flooring. After etching and sandblasting, honing the stone to create a 'satino' finish and experimenting with stains, the final collection captures the subtle textures and tonal variations of natural limestone.

Concrete

Once the favoured finish of avant-garde architects and experimental designers, concrete today is a shining star throughout the world of design. It's a material of many moods – playing it cool in hard-edged contemporary design or bringing a surprising warmth, fluidity and character to a range of interior styles.

The concrete look is no longer viewed as something grey and dull. Our team have experimented with different colouring techniques to bring you a collection of inspired luxury vinyl flooring that brings depth, character and a new warmth and elegance to the popular look of concrete.

Humans need nature in order to thrive. Yet, to do this sustainably requires resource consumption to be minimised, finding a balance within our ecological systems to ensure the longevity of resources for future use.

An integrated approach that understands and implements the human need for nature within a built space and recognises the need for balanced resource consumption and environmental preservation, can achieve both health and wellness goals.

Environmental

Karndean Designflooring and the environment

At Karndean Designflooring we find inspiration for our products in the beauty of the natural world and feel passionate about bringing this into every product we create. To keep our environment protected we do everything we can to continuously improve our manufacturing processes to ensure sustainability whilst delivering the best value. We have always aimed to make stylish and durable floors with the lowest possible impact on the environment, and have never had to compromise quality or performance to comply with legislation or meet environmental requirements.

Karndean Designflooring is a member of the Green Building Councils of Australia and New Zealand and complies with their requirements under GreenStar. All Karndean products and accessories are manufactured in facilities certified to the ISO 14001 Environmental Management and ISO 9001 Quality Management International Standards. Our approach is based on the use of recycled materials in our floor coverings and ensuring that the finished product is suitable for recycling if required.

What's more...

- All of our packaging is made using recycled material, which we continually review to ensure that it is environmentally friendly and fit for purpose
- We use individual logistical solutions to efficiently and effectively transport our products
- Our storage facilities use high density racking to maximise capacity and minimise impact
- Our offices are introducing innovative energy saving techniques
- We are members of the Green Building Council Australia (GBCA) and Green Building Council New Zealand (NZGBC)
- Our products qualify for eco-points towards GreenStar building projects
- All of our adhesives are water based, solvent-free, have low VOC emissions and are GreenTag certified

GreenStar GreenTag™ certified

The majority of Karndean luxury vinyl ranges are fully certified to Global GreenTag, the third party multi-criteria, consensus based and externally verified Type 1 eco-labelling program. This is one of the largest product sustainability certification systems in Australasia and the only certification mark approved by the Australian Competition and Consumer Commission (ACCC).

GreenTag comprises two certification systems and the majority of Karndean Designflooring luxury vinyl is certified under both.

The future

Our continued product innovation focuses on reducing our environmental impact and complying with environmental legislation and recognised certifications worldwide. Our aim is to remain the leading supplier of LVT flooring and to have a market-leading environmental record of achievement through the development of sustainable products and processes.

LCARate™

Life Cycle Analysis is for all products and all rating tools that engage LCA with separate output called an Environmental Product Declaration (EPD), which is a summary LCA report used for certain credits in some rating tools for GreenStar.

GreenRate™

GreenRate is a straight Type 1 eco label developed to meet the requirements of specific green building rating tools. It includes indoor environmental air quality: volatile organic compounds compliant (IEQ VOC) and reduced exposure to pollutants. GreenRate is offered in three levels of quality from Level 'C' up to Level 'A' relevant to GreenStar in Australia and New Zealand.

Karndean Designflooring LVT ranges and adhesives are fully certified under GreenStar GreenRate Level 'A', plus under international FloorScore Indoor Air Quality Certification for low emitting VOC's. Also certified to LCARate "silver streamline".

Transferable purchase warranty

If you purchased your Karndean Designflooring through a Karndean Retail Partner your warranty will have the added benefit of it being transferable. This means that if you sell your house within your guarantee period, you can pass the warranty on to the new owners.

To qualify for a transferable purchase warranty, you must:

- Adhere to the terms and conditions outlined in the transferable purchase warranty
- Purchase from one of our retail partners and they will provide us with your email address to enable us to send you your transferable purchase warranty

For more information or to obtain your transferable purchase warranty, please speak with your local flooring retailer or contact our **Customer Service Team**.

The lifetime residential warranty is defined as 35 years and protects against product wear out and manufacturing defects. What's more, the warranties are now transferable to any future owners subject to the terms and conditions of the Transferable Purchase Warranty).

Cleaning and maintaining your Karndean floor

Karndean Designflooring is hardwearing and easy to look after. Our enhanced surface treatment helps protect against everyday wear, spills and scuffs. This makes it easier and more environmentally friendly to clean and maintain, giving you peace of mind that your Karndean floor will look great for years to come. We have a dedicated section on the website with videos that explain how best to look after your Karndean floor and covers lots of frequently asked questions from our customers.

Visit www.karndean.com/cleaning for more information.

We also supply our own Floor Care Kits that you can order from your local retailers including everything you need for a simple cleaning routine.

Inside your Floor Care Kit

Regular cleaning with a pH neutral cleaner such as Karndean Clean will help keep your floor at its best.

Over time you may want to treat your floor to some extra care. We recommend every six to twelve months, depending on wear, that you strip and refresh your floor using Karndean Remove and Karndean Refresh, to further enhance its look and durability.

Imagery and Design Reproduction

Photography and print cannot always produce a perfect representation of our products. This includes colour, pattern variation and installation elements used. For this reason we strongly recommend obtaining a product sample and where possible viewing a larger sample in-store. We also recommend visiting our website for information on installation, after care and product selection: www.karndean.com/advice. We love developing new ideas and improving on our existing designs which means that sometimes products are withdrawn at short notice. We hate to disappoint and will work with you to find an alternative design. Please contact Customer Service for more information.
